MEMORANDUM FOR: NSC Coordinator

FROM: Director of Central Intelligence

SUBJECT: PRC(I) Meetings on Priorities--
Secretaries Schlesinger and Kreps

1. At the last PRC(I) meeting, we made a decision not to invite Secretary Schlesinger and Secretary Kreps to participate in the PRC(I) meetings when Priorities were being discussed. Would you draft letters from me to them explaining that the Committee thought it was already too large for the intimate type discussions between principals that were needed for this purpose, but make a promise that I will do my best to coordinate with them prior to meetings on Priorities to ensure that I can represent their views as well as possible.

2. Then make a note that once we publish the Priorities for me to send a copy to each of them and request any comments they have.
